OCR Complaint Process (Form K)	32

INTRODUCTION

The purpose of these guidelines is to provide guidance to school staff regarding obligations under Section 504 of the Vocational Rehabilitation Act. These same obligations are required by Title II of the Americans with Disabilities Act (ADA).

Purpose

Section 504 was implemented to prevent discrimination against individuals with disabilities in federally funded programs. Section 504 of the Rehabilitation Act was enacted in 1973. These federal regulations were implemented in 1977, and have seven sections:

Subpart
A

	General Provisions
Subpart B	Employment Practices
Subpart C	Program Accessibility
Subpart D	Preschool, Elementary, and Secondary Education Requirements
Subpart E	Postsecondary Education Requirements
Subpart F	Health, Welfare, and Social Services
Subpart G	Procedures

These guidelines reference Subparts A, B, C and D of the Section 504 regulations regarding student issues.

"Handicapped individuals" will hereafter be referred to as "individuals with disabilities" in order to be consistent with current educational terminology.

For many
years, the
main area
of

enforcement of Section 504 has been employment issues for individuals with disabilities. However, within the last several years, the Office for Civil Rights (OCR) has become more active in the provisions of Section 504 regarding the education of students with disabilities.

Requirement

The 504 statute prohibits discrimination against any individuals with disabilities by public schools receiving federal financial assistance.

Management

Section 504 is a general education management responsibility.

ACRONYMS/ DEFINITIONS

The following are commonly used acronyms and definitions used in Section 504/ADA and special education:

ADA — Americans with Disabilities Act

ADAAG — Americans with Disabilities Act Accessibility Guidelines

ADD — Attention Deficit Disorder

ADHD — Attention Deficit Hyperactivity Disorder

AG — Annual Goal

AP — Accommodation Plan

APR — Annual Performance Report

AYP — Annual Yearly Progress

BIE — Bureau of Indian Education

CD — Cognitive Delay

CFR — Code of Federal Regulations

CIMFS — Continuous Improvement Focused Monitoring System

DD — Developmental Disabilities

DNR — Do Not Resuscitate

DOE — Department of Education

ED — Emotionally Disturbed

EI — Early Intervening

ESY — Extended School Year

FAPE — Free Appropriate Public Education

FERPA — Family Educational Rights and Privacy Act

HI — Hearing Impaired

IDEA — Individuals with Disabilities Education Act—Special Education

(2004)

IEP — Individualized Education Program
IFSP — Individualized Family Service Plan
LEA — Local Education Agency
LRE — Least Restrictive Environment
LD — Learning Disability
MPRRC — Mountain Plains Regional Resource Center
NCLBA — No Child Left Behind Act
OCR — Office for Civil Rights
OHI — Other Health Impaired
OSEP — Office of Special Education Programs
OT — Occupational Therapy
Part B — Special Education for School-Aged Students
Part C — Special Education for Infants and Toddlers Birth through Two Years
PT — Physical Therapy
RtI—Responsiveness to Intervention
SEA — State Education Agency
Section 619 — Special Education for Three to Five Year Olds
SPP — State Performance Plan
RtI — Responsiveness to Intervention
TTY — A Telecommunication Device for the Deaf (Teletypewriter)
VI — Visually Impaired
504 — Section 504 of the Rehabilitation Act

DEFINITIONS

The following are definitions that will be used in this manual.

ACCOMMODATIONS—Adaptations made by classroom teacher(s) and other school staff to enable the students to benefit from their educational program. In some cases, a Section 504 plan should be developed outlining accommodations.

ADA ACCESSIBILITY GUIDELINES (ADAAG)—Standards used to meet Section 504/ADA accessibility requirements for the design, construction, and alteration of buildings.

AMERICANS WITH DISABILITIES ACT (ADA)—A civil rights law that prohibits discrimination against persons with disabilities in the areas of accessibility, employment, public services, public accommodations, transportation, and communication.

BARRIER-FREE ENVIRONMENT—A school environment that contains no obstacles to accessibility and usability by students and other individuals with disabilities. Barriers can be physical and nonphysical.

CONSENT — Written parent permission before initial evaluation and initial education placement.

CONTAGIOUS DISEASES PROTECTED UNDER 504—Contagious diseases are those that can be transmitted from person to person. Examples are diseases such as AIDS, HIV, and tuberculosis.

EARLY INTERVENING—A group of school staff knowledgeable about the student who work together recommending accommodations to help the student succeed in his/her general education program. This is sometimes referred to as a pre-referral process. Every effort should be made to keep the student in the general education program. A referral is made for an evaluation after all efforts have failed.

FAMILY EDUCATIONAL RIGHTS AND PRIVACY ACT (FERPA)—The federal law and regulations that address student record keeping and confidentiality.

FREE APPROPRIATE PUBLIC EDUCATION (FAPE)—Related aids and services that are designed to meet individual educational needs of students with disabilities as adequately as the needs of non-disabled persons are met.

INDIVIDUALS WITH DISABILITIES EDUCATION IMPROVEMENT ACT, (IDEIA) 2004—Federal special education law and regulations.

MAJOR LIFE ACTIVITY—Functions such as caring for one’s self, walking, seeing, hearing, speaking, breathing, learning, and working. General functions include: lifting, bending, sleeping, reading, concentrating, thinking, communicating, and eating. Major bodily functions include: the immune system, digestion, bowel, bladder, respiratory, cell growth, neurological, brain, circulatory, endocrine, and reproductive functions.

OFFICE FOR CIVIL RIGHTS (OCR)—This federal agency has three primary responsibilities: investigating complaints, conducting compliance reviews, and providing technical assistance. There are 10 regional offices located throughout the United States.

PHYSICAL OR MENTAL IMPAIRMENT—(1) any physiological disorder or condition, cosmetic disfigurement, or anatomical loss affecting one or more of the following body systems: neurological; musculoskeletal; special sense organs; respiratory, including speech organs; cardiovascular; reproductive; digestive; genitourinary; hemic and lymphatic; skin; and endocrine; or (2) any mental or physical disorder, such as mental retardation, organic brain syndrome, emotional or mental illness, and specific learning disabilities.

The term “physical or mental impairment” includes, but is not limited to, such diseases and conditions as orthopedic, visual, speech, and hearing impairments; cerebral palsy; epilepsy; muscular dystrophy; multiple sclerosis; cancer; heart disease; diabetes; mental retardation; emotional illness; drug addiction; and alcoholism.

PROGRAM ACCESSIBILITY—The school will ensure programs and activities are accessible to and usable by persons with disabilities. In many instances, programs and activities may be made accessible through slight modifications and adjustments in procedures, practices, and policies. In others, building renovation or construction may be required. Structural change is required only where program accessibility cannot be achieved effectively through other means.

PROGRAM OR ACTIVITY—In the context of Section 504/ADA, this includes all operations of State and local agencies that receive federal funds. This includes colleges, universities, and/or school districts.

PUBLIC ENTITY—Any school, organization, agency, or office that receives federal funding and is therefore, obligated to follow Section 504/ADA requirements.

PUBLIC NOTICE—The school is required to provide public notice and internal notice (i.e., to staff, individuals with disabilities, and students) stating it does not discriminate on the basis of a disability.

QUALIFIED STUDENT—Any student who has a physical or mental impairment that

substantially limits one or more major life activities and impacts education.

RESPONSIVENESS TO INTERVENTION (RtI)—Usually a three tiered process that begins with classroom interventions and progresses to special education. Section 504 is found in tier two of the process.

SECTION 504—The Vocational Rehabilitation Act of 1973 that guarantees specific rights in federally funded programs and activities to people who qualify as disabled. Section 504 states, “No otherwise qualified disabled individual in the United States... shall, solely by reason of a disability be excluded from the participation in, be denied the benefits of, or be subjected to discrimination under any program or activity receiving federal financial assistance.”

SECTION 504/ADA COORDINATOR—The school employing 15 or more persons must assign a person to coordinate compliance with Section 504 regulations. It is recommended that all schools appoint a 504/ADA coordinator. It is recommended that the same individual serve as the Americans with Disabilities Act Coordinator and be a general educator.

SECTION 504 CASE MANAGER—This is usually the primary school staff member providing accommodations for a specific student. Case managers could include counselors, school nurses, and general education teachers. The case manager maintains the Section 504 student file.

SELF-EVALUATION—The Americans with Disabilities Act requires that federal fund recipients evaluate their programs, physical accessibility, and employment practices to determine the extent to which programs and activities require modification to ensure full participation by students with disabilities. These evaluations should be revisited annually by the Section 504/ADA Coordinator.

TITLE I (NCLBA)—Provides financial assistance to States and eligible agencies to deliver supplemental services to at-risk students.

TRANSITION PLAN—If a school determines that structural modifications are necessary to meet Section 504/ADA program accessibility requirements, the school must develop a plan specifying the steps necessary to complete such changes and the time frame for completion.

OVERVIEW

Section 504/ADA is a civil rights statute aimed at discrimination against individuals with disabilities. Like other statutes of Title VI (race) and Title IX (gender), Section 504/ADA focuses on discrimination based on disability. All programs or activities of the school are covered by Section 504/ADA obligations.

There is no State or federal funding provided to assist in complying with Section 504. All costs are the obligation of the general school budget. Many schools have established a Section 504 line item in their general fund budget to cover necessary accommodations for individuals with disabilities.

ELIGIBILITY

Section 504 regulations have several areas that are particularly important for schools: Subpart B—employment practices, Subpart C—program accessibility, and Subparts D and E—requirements for preschool, elementary, secondary, and postsecondary education.

SUMMARY OF SUBPARTS

SUBPART A: GENERAL PROVISIONS

This part of the regulations outlines the nondiscriminatory responsibilities of schools that receive federal funds or are a public entity. No person, on the basis of a disability, shall be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any program that benefits from federal funding or is a public entity.

SUBPART B: EMPLOYMENT PRACTICES

No qualified person shall, on the basis of his/her disability, be subjected to discrimination in employment by any program or activity that receives federal funds or is a public entity. The school must make reasonable accommodations for employees with known physical and mental impairments unless the accommodation would impose an undue hardship on the operation of the school's program. Examples of reasonable accommodations would include making facilities accessible to and usable by persons with disabilities, job restructuring, part-time or modified work schedules, and acquisition or modification of equipment or devices.

SUBPART C: PROGRAM ACCESSIBILITY

No individual with a disability shall be denied the benefits of, be excluded from participation in, or be otherwise subjected to discrimination under any program or activity because facilities are inaccessible or unusable. Building and program accessibility is applicable to any individual with disabilities accessing any activities or programs in that school building.

The regulation contains two standards to be used in determining whether programs and activities are accessible to individuals with disabilities. One standard deals with “existing” facilities; the other deals with “new” construction. The term “existing facility” means the facility was in existence or in the process of construction before June 3, 1977, the effective date of the regulation. The term “new construction” means groundbreaking that took place on or after the effective date of the regulation.

Leased facilities (mobile units) that are leased or constructed with federal funds are required to meet the standards of new construction. Other leased units are required to meet the standards of existing facilities.

The standard for a facility existing before June 3, 1977, for 504 or

January 26, 1992, for ADA requires that federally assisted programs or activities operated in that facility must, when viewed in their entirety, be readily accessible. *This standard does not require that every facility or part be accessible so long as the program or activity as a whole is accessible.* Thus, recipients need not make structural changes to facilities that existed before June 3, 1977 for 504 or before January 26, 1992, for ADA where other alternative methods are effective in making programs and activities accessible so long as priority consideration is given to offering the services in the most integrated setting appropriate.

One example of an alternative method in a school would be the relocation of classes, activities, or services to an accessible site. Facility alteration or new construction is required to achieve program accessibility only if sufficient relocation of classes, activities, or services cannot be housed in an existing facility. In meeting the objective of program accessibility, the school must take precautions not to isolate or concentrate students with disabilities in settings away from students without disabilities.

The regulation requires that all new construction begun after June 3, 1977, for 504 or January 26, 1992, for ADA, as well as alterations to existing facilities, must be designed and constructed so as to make facilities accessible and usable by individuals with disabilities.

SUBPART D: REQUIREMENTS FOR PRESCHOOL, ELEMENTARY, MIDDLE LEVEL, JUNIOR HIGH, SECONDARY EDUCATION, AND ADULT EDUCATION PROGRAM

Wyoming preschool, elementary, middle level/junior high, and secondary programs must take into account the needs of qualified persons with disabilities in determining the aid, benefits, or services to be provided under these programs or activities.

The school must provide a free appropriate public education to students with disabilities in its jurisdiction who are eligible under Section 504/ADA. Instruction must be individually designed to meet the needs of those students as adequately as the needs of students without disabilities. **This standard of what is “appropriate” differs from the IDEA “appropriate” standard, which requires the school to design a program reasonably calculated to confer educational benefit. An appropriate education under Section 504/ADA requires that the services be effective and fair.**

Although Section 504/ADA does not require schools to develop an Individual Education Program with annual goals, it is required that the school provide written documentation for each student eligible under Section 504/ADA. If the Teacher Assistance Team (pre-referral) suspects a need for accommodation, a referral should be made, evaluations conducted, and possible eligibility determined by a team knowledgeable about the student. If the student is eligible, the team might develop a Section 504 Accommodation Plan.

The quality of educational services provided to individuals with disabilities must be equivalent to the services provided to individuals without disabilities. Teachers, administrators, staff, and parents should receive ongoing training in the instruction of individuals with disabilities and be knowledgeable about the disability, appropriate materials, and equipment. The Section 504/ADA Coordinator will be responsible to develop and implement staff and parent training.

RESPONSIBILITY

It must be emphasized that Section 504/ADA falls under the *management of general education*. The figure on the next page illustrates some obligations of general education under Section 504/ADA and their relationship with school personnel roles. The school staff and parents should collaborate to help guarantee that students are provided accommodations through general education. The exception to this standard is a student who has been determined eligible as having a disability under the Individuals with Disabilities Education Act (IDEA). Such a student could receive special education services under IDEA and accommodations required under Section 504/ADA. Many schools will include the Section 504 accommodations on the IEP rather than developing two separate documents.

SECTION 504 ELIGIBILITY

The following is the eligibility criteria for a student to receive accommodations under Section 504.

SECTION 504 ELIGIBILITY CRITERIA

A person may be considered disabled under the definition of Section 504/ADA if the individual meets the following requirements:

1. Has a mental or physical impairment that **substantially** limits one or more of such person's major life activities.

“Major life activities” include functions such as:

Caring for one's self	Performing manual tasks
Walking	Hearing
Seeing	Breathing
Speaking	Working
Learning	Lifting*
Bending*	Sleeping*
Reading*	Concentrating*
Thinking*	Communicating*
Eating*	Immune system#
Digestion#	Bowel#
Bladder#	Respiratory#
Cell Growth#	Neurological#
Brain#	Circulatory#
Endocrine#	Reproductive functions#

The disability must impact the student's education.

*** = General**

= Major bodily functions

2. Has a record of such an impairment.
3. Is regarded as having such an impairment.

The second and third prongs of the definition only become a factor if discrimination has occurred because of the “record” or “history” or is regarded as having an impairment.

If the school has reason to suspect that because of a disability, a student needs special accommodations in the general educational environment in order to have equally effective participation in the school program, the school must notify the parent of an individual evaluation, evaluate the student, and develop and implement a plan for the delivery of all necessary educational accommodations.

Requirements for the evaluation and placement process are determined by the type of disability suspected and the type of services needed by the student. The evaluation must be sufficient to assess the nature and extent of the educational impact of the disability so that appropriate educational services can be determined. The team knowledgeable about the student makes the decision based on evaluation data. Identification of services needed must be made by a group of persons knowledgeable about the student.

Decisions about Section 504/ADA eligibility must be documented in the student's Section 504/ADA file and reviewed at least yearly and whenever any member of the team feels it is necessary. A case manager should be assigned to complete and manage each Section 504/ADA student file. A student's program must be provided in the least restrictive environment, most likely the general education classroom.

Under Section 504/ADA, parents or guardians must be provided with notice of any action that changes the identification, evaluation program, or placement of their student. Written consent would be considered a **best practice**. The parents should be included in the evaluation, eligibility, and placement process. Parents or guardians have the right to file a grievance, request mediation, ask for a due process hearing, or call the Office for Civil Rights if they disagree with the school.

— *Best Practice* —

Parent participation should always be encouraged throughout the Section 504/ADA process.

EQUAL EDUCATIONAL OPPORTUNITIES

This regulation is limited to Section 504 of the Rehabilitation Act of 1973 as amended. In addition, parents and students are protected by Title II of the Americans with Disabilities Act of 1990 against discrimination by the District, a public entity.

Under Section 504, “handicapped persons” means any person who (1) has a physical or mental impairment which substantially limits one or more major life activities, (2) has a record of such impairment, or (3) is regarded as having such an impairment. “Major life activities” means functions such as caring for one’s self, performing manual tasks, talking, seeing, hearing, speaking, breathing, learning, or working.

As the school district attempts to remain in compliance with all applicable laws, specifically Section 504 of the Rehabilitation Act, Sublette County School District No. 9 will review students who fit in the following categories and who do not qualify under special education for possible modifications so they may equally benefit from education.

Students with a high profile medical background: These students have current medical concerns that may interfere with their daily performance in school. Examples: severe asthmatics, diabetics, severe allergic students.

Students with a high profile of behavioral problems: These are students who have been referred for discipline issues and who have substantial evidence of non-compliant behavior. This behavior has required action by the school in some form or another which exceeds usual disciplinary action. Interventions attempted within the school have not been effective.

Students with a known high profile of chemical problems: These are students who have been, are known to be, or suspected of being chemically dependent students. This behavior interferes with their education process.

Students returning to school after intensive medical treatment in a hospital or treatment center. These students will most likely have a DSM diagnosis and due to their hospitalization or long-term treatment would require the District to be aware of them and consider modifications in educational programming.

Temporarily disabled students: These students may require alternative educational programming due to short-term situations that would qualify them for services. For example, the student may be unable to get around school or may have lost a function that is necessary to participate in class (loss of voice, eyesight, hearing, etc.). Due to the short duration, the student may not qualify for services under IDEA. Students who are not disabled may be provided a health care plan.

Students who are being considered for retention.

Students who show a pattern of not benefitting from classroom instruction.

Students who have been identified as having attention deficit disorder.

Students who are identified as “at risk” or exhibit the potential for dropping out of school.

Students with a learning disability or other disability who do not qualify for special education services but who may need accommodations to reasonably and appropriately access and benefit from the educational programs and activities of Sublette County School District No. 9.

This list of students is not exhaustive. Each student and/or situation will be reviewed on an individual basis.

Compliance Issues

- (1) The Superintendent or designee will act as coordinator.
- (2) The following are responsibilities regarding student issues:
 - Publish an annual notice and conduct child-find activities
 - Place an annual notice in student handbooks
 - Follow procedures for giving notice to parents upon referral, evaluation, and placement
 - Keep required documentation and follow district procedures regarding referrals, evaluations, placement and parent access to records
 - Coordinate both referrals and programs
 - Provide least restrictive environmental programs and placements.
- (3) Referrals
 - Referrals may be made by parent/guardian or school official
 - A referral **should be** considered if the student is referred to special education and found ineligible. However, such students will qualify only if they are handicapped under the definitions of this regulation.
 - Evaluation must include aspects that would support the clause of “substantially limits one or more major life activity”.
- (4) Evaluation
 - Determine what information is needed and who will be responsible
 - Parents must be notified of how to initiate a referral/evaluation
 - Parents must be provided notice of due process rights and of identification, evaluation, and placement when a referral is made
 - Determine makeup of multidisciplinary committee to evaluate and place the student if eligible. The parents should be invited to participate as members of the committee.
- (5) Placement
 - Assure that evaluation of the data and placement are done by persons knowledgeable about the student, the data, and placement options.
 - Assure that decision about placement are based upon the child’s individual needs and the least restrictive environment considerations.

(6) Section 504 Due Process Procedures

- The hearing procedures for complaints involving identification, evaluation and/or placement of students under Section 504 of the Rehabilitation Act of 1973 as amended, are set forth in school policy/ regulation entitled Section 504 Due Process Procedures.

SECTION 504/ADA EXAMPLES OF DISCRIMINATION

The following are some examples of how schools could discriminate against individuals with disabilities:

1. A student with a disability is denied recognition as an honor roll student because one class is in the resource room.
2. A student is expelled from school for misbehavior that is related to his/her disability.
3. The school refuses to provide bus transportation that is as short in duration (within reason) as provided to student without disabilities.
4. The school refuses to allow a student with a disability the opportunity to audition for athletic teams or other extracurricular activities.
5. The school refuses to dispense medication to a student who needs it to benefit from education.
6. The high school counselor fails to provide information about the special provisions of college board examinations to students with disabilities.
7. The school refuses to provide a modified adaptive physical education program for a student who is obese and cannot participate in regular physical education.
8. The school does not provide an interpreter for a parent to attend a school meeting regarding his/her student.
9. The school does not provide an interpreter for a parent who is deaf to attend a school meeting regarding his/her student.
10. Students with disabilities are denied access to extracurricular activities.

FORMS

Annual Notice and Forms for Section 504/ADA Meetings

ANNUAL NOTICE TO INDIVIDUALS WITH DISABILITIES AND PARENTS

Each school must provide and/or post a form to individuals with disabilities regarding the school's obligations under Section 504/ADA.

NOTICE

**PROGRAMS FOR STUDENTS WITH DISABILITIES UNDER
SECTION 504 OF
THE REHABILITATION ACT OF 1973 AND THE AMERICANS
WITH
DISABILITIES ACT OF 1990**

Section 504 of the Rehabilitation Act of 1973 and the Americans with Disabilities Act prohibits discrimination against persons with a disability in any program receiving federal financial assistance. Section 504/ADA defines a person with a disability as anyone who

Has a mental or physical impairment that substantially limits one or more major life activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. General functions include: lifting, bending, sleeping, reading, concentrating, thinking, communicating, and eating. Major bodily functions include: the immune system, digestion, bowel, bladder, respiratory, cell growth, neurological, brain, circulatory, endocrine, and reproductive functions.

The school has the responsibility to provide adjustments, modifications, and necessary services to eligible individuals with disabilities.

The school acknowledges its responsibility under Section 504/ADA to avoid discrimination in policies and practices regarding its personnel and students. No discrimination against any person with a disability shall knowingly be permitted in any program or practice in the school.

INFORMATION FOR PARENTS REGARDING SECTION 504 OF THE REHABILITATION ACT OF 1973

Section 504 is an Act that prohibits discrimination against persons with a disability in any program that receives federal financial assistance. The Act defines a person with a disability as anyone who:

Has a mental or physical impairment that substantially limits one or more major life activities such as caring for one's self, performing manual tasks, walking, seeing, hearing, speaking, breathing, learning, and working. General functions include: lifting, bending, sleeping, reading, concentrating, thinking, communicating, and eating. Major bodily functions include: the immune system, digestion, bowel, bladder, respiratory, cell growth, neurological, brain, circulatory, endocrine, and reproductive functions.

In order to fulfill its obligations under Section 504/ADA, the school recognizes a responsibility to avoid discrimination in policies and practices regarding its personnel and students. No discrimination or harassment against any person with a disability will knowingly be permitted in any of the programs and practices in the school system.

The school has specific responsibilities under the Act, which include the responsibility to identify, evaluate and, if the student is determined to be eligible under Section 504/ADA, to afford access to appropriate educational services.

If the parent or guardian disagrees with the determination made by the professional staff of the school, he/she has a right to a hearing with an impartial hearing officer. The Family Educational Rights and Privacy Act (FERPA) also specifies rights related to educational records. This Act gives the parent or guardian the right to do the following:

- Inspect and review his/her student's educational records.
- Make copies of these records.
- Receive a list of all individuals having access to those records.
- Ask for an explanation of any item in the records.
- Ask for an amendment to any report on the grounds that it is inaccurate, misleading, or violates the student's rights.
- Request a hearing on the issue if the school refuses to make the amendment.

If there are questions, please feel free to contact:

Name: Steve Loyd, Superintendent or designee

Section 504/ADA Coordinator

SECTION 504 EVALUATION PROCEDURES

If the school suspects a student has a disability, then parental notice is given and an individual evaluation is conducted. The following are some considerations for meeting 504 evaluation requirements:

1. The evaluation team must be knowledgeable about the student and the disability and be familiar with the evaluation data and placement options.
2. Each evaluation should be tailored to the specific needs of the student.
3. The parents need to be notified before the evaluation is conducted. Consent is not required, but it is considered **best practice**.
4. Tests and other evaluation materials should be validated for the specific purpose for which they are used and administered by trained personnel in conformance with the instructions provided by their producer.
5. Tests and other evaluation materials include those tailored to assess specific areas of educational need.
6. Tests are selected to ensure that when a test is administered to a student with impaired sensory, manual, or speaking skills, the results accurately reflect whatever the test is designed to measure.
7. In interpreting evaluation data and in making placement or accommodation decisions, a school should draw on information from a variety of sources, including aptitude and achievement tests, interest inventories, teacher recommendations, physical condition, social or cultural background, and adaptive behavior.
8. A reevaluation should be conducted before making any significant change in placement. A reevaluation procedure consistent with the Individuals with Disabilities Education Act is one means of meeting this requirement.

The school may refuse to conduct an evaluation, but it has the obligation to inform the parents of the reasons for the refusal and their right to file a grievance, contact the Office for Civil Rights or request a due process hearing.

**SECTION 504
PARENT/STUDENT RIGHTS IN IDENTIFICATION,
EVALUATION AND PLACEMENT**

Please keep this explanation for future reference.

**Section 504 of the Rehabilitation Act of 1973
Title II of the Americans with Disabilities Act of 1990**

The following is a description of the rights granted by federal law to students with handicaps as defined by Section 504 of the Rehabilitation Act of 1973 as amended. The intent of the law is to keep you fully informed concerning decisions about your child and to inform you of your rights if you disagree with any decisions.

District staff will be trained regarding the rights granted by federal law to students with handicaps and will be required to evaluate and place students to protect those students' rights, including the rights as defined by Section 504 of the Rehabilitation Act of 1973 and Title II of the Americans with Disabilities Act of 1990, specifically including, but not limited to, those set forth below.

You have the following rights:

1. To have your child take part in, and receive benefits from public education programs without discrimination because of a handicapping condition.
2. To be free from harassment based upon handicap or disability.
3. To have the school district advise you of your rights under federal law.
4. To receive notice with respect to identification, evaluation, or placement of your child.
5. To have your child receive a free appropriate public education. This includes the right to be educated with non-handicapped students to the maximum extent appropriate. It also includes the right to have the school district make accommodations to allow your child an equal opportunity to participate in school and school-related activities.
6. To have your child educated in facilities and receive services comparable to those provided non-handicapped student.
7. To have your child receive special education and related services if found to be eligible under IDEA or to receive accommodations if eligible under Section 504 of the Rehabilitation Act. If it is determined that you are not eligible for services under IDEA, you may still be eligible for services under Section 504 of the Rehabilitation Act and you are entitled to request an evaluation and consideration for services/accommodations under Section 54 of the Rehabilitation Act.

You have the right to request an evaluation under Section 504 regardless of whether an IDEA evaluation has been requested or initiated.

8. To have an evaluation, educational and placement decisions made based upon a variety of information sources, and by persons who know the student, the evaluation data, and placement options.
9. To have transportation provided to and from an alternative placement setting at not greater cost to you than would be incurred if the student were placed on a program operated by the district.
10. To have your child be given an equal opportunity to participate in nonacademic and extracurricular activities offered by the district.
11. To examine all relevant records relating to decisions regarding your child's identification, evaluation, educational program, and placement.
12. To obtain copies of education records at a reasonable cost unless the fee would effectively deny you access to the records.
13. To receive a response from the district to reasonable requests for explanations and interpretations of your child's records.
14. To request amendment of your child's educational records if there is a reasonable cause to believe they are inaccurate, misleading or otherwise in violation of the privacy rights of your child. If the district refuses this request for amendment, it shall notify you within a reasonable time, and advise you of the right to a hearing.
15. To request mediation or an impartial due process hearing with opportunity for participation by the student, student's parent or guardian, and representation by counsel regarding your child's identification, evaluation, educational program or placement. For Section 504 due process procedures. See the procedures entitled Section 504 Due Process Procedures.
16. To file a complaint with the Office of Civil Rights. You may request a copy of that complaint process from the District.

The person in this district who is responsible for assuring that the district complies with Section 504 of the Rehabilitation Act of 1973 is:

Section 504 Coordinator
Sublette County School District No. 9
Steve Loyd, Superintendent or designee
PO Box 769/115 South Nichols St., Big Piney, WY 83113
(307) 276-3322

CONSENT

The school is requesting your consent to conduct the following evaluation procedure:

Initial NOTICE TO PARENTS SECTION 504 MEETING

Student: _____ Date: _____

School: _____

Dear Parent or Guardian:

This letter is to inform you that we have some concerns about your student's progress at school. We have attempted some interventions with your student. They include those listed below:

We would like to arrange a meeting to discuss eligibility for further accommodations/services in order to ensure that your student is afforded an appropriate education. Discussion will include whether or not your child may qualify for accommodations and services under Section 504 of the Rehabilitation Act. An initial meeting to discuss these issues and to determine whether or not a more formal evaluation of your child and the procedures therefore should be conducted to determine his/her eligibility under Section 504 for further accommodations has been scheduled for:

_____.

We have scheduled a meeting on _____ . This meeting will be held at _____ to discuss your student's educational needs. We would very much appreciate your participation.

If you have any questions, or if this meeting time is not convenient for you, please call me at _____. We will discuss your questions or arrange a mutually convenient meeting time.

Sincerely,

Name Position

OFFICE FOR CIVIL RIGHTS COMPLAINT PROCESS

An individual or an organization may file a complaint with the regional Office for Civil Rights (OCR). An OCR complaint must be filed, in writing, within 180 days after the violation has occurred. In certain cases, OCR will consider complaints where more than 180 days have elapsed.

Anyone wishing to file a formal complaint with OCR should submit in writing the following information in a letter or on the Discrimination Complaint Form available from OCR regional offices and send to: U.S. Department of Education, Office of Civil Rights, Region VIII, 1244 Speer Boulevard, Suite 310, Denver, Colorado 80204-3582,

1. Name and address (a telephone number where they may be reached during business hours is helpful but not required)
2. A general description of the person(s) or class of persons injured by the alleged discriminatory act(s) (names of the injured person(s) are not required)
3. The name and location of the institute that committed the alleged discriminatory act(s)
4. A description of the alleged discriminatory act(s) in sufficient detail to enable OCR to understand what occurred, when it occurred, and the basis for the alleged discrimination (race, sex, color, national origin, age or disability)

A school may not retaliate against any person who has made a complaint, testified, assisted, or participated in any manner in an investigation.

Adopted: 9/19/17
